

setup

```
graph LR; A[setup] --> B[DevLab_ICM20948::setAccelSampleRate]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The first box on the left is white with a black border and contains the text 'setup'. A blue arrow points from the right side of this box to the left side of a second box. The second box is gray with a black border and contains the text 'DevLab_ICM20948::setAccelSampleRate'.
