- (b) The software may not be combined or merged with other software in any manner that would cause the software to become subject to terms and conditions which differ from those of this license.
- (c) The software is licensed solely and exclusively for use with ADI products only.
- (d) Licensee shall not use the name or any trademark of ADI (including those of its licensors) or any contributor to endorse or promote products without prior written consent of the owner of the name or trademark. The term "contributor" means any person or entity that modifies or distributes the software.
- (e) Modified versions of the Software must be conspicuously marked as such.
- (f) Use of the software may or may not infringe patent rights of one or more patent holders. This license does not alleviate the obligation to obtain separate licenses from patent holders to use the software.
- (g) All rights not expressly granted hereunder are reserved.
- (h) This license shall be governed by the laws of Massachusetts, without regard to its conflict of laws rules. The software shall only be used in compliance with all applicable laws and regulations, including without limitation export control laws.

3. WARRANTY DISCLAIMER: THE SOFTWARE AND ANY RELATED INFORMATION AND/OR ADVICE IS PROVIDED ON AN "AS IS" BASIS, WITHOUT REPRESENTATIONS, GUARANTEES OR WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, ORAL OR WRITTEN, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT. There is no obligation to provide software support or updates. The Software is not fault-tolerant and is not intended for use in high risk applications, including without limitation in the operation of nuclear facilities, aircraft navigation or control systems, air traffic control, life support machines, weapons systems, autonomous driving or other safety critical automotive applications,

or any other application in which the failure of the software could lead to death, personal injury, or severe physical or environmental damages. The software is not authorized to be used under such circumstances.

4. LIMITATION OF LIABILITY: TO THE MAXIMUM EXTENT PERMITTED BY LAW ADI (INCLUDING ITS LICENSORS) AND CONTRIBUTORS SHALL NOT BE LIABLE FOR ANY DAMAGES ARISING FROM OR RELATED TO THE SOFTWARE, ITS USE OR ANY RELATED INFORMATION AND/OR SERVICES, INCLUDING BUT NOT LIMITED TO ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY, CONSEQUENTIAL OR ANALOGOUS DAMAGES (INCLUDING WITHOUT LIMITATION ANY DAMAGES RESULTING FROM LOSS OF USE, DATA, REVENUE, PROFITS, OR SAVINGS, COMPUTER DAMAGE OR ANY OTHER CAUSE), UNDER ANY LEGAL THEORY (INCLUDING WITHOUT LIMITATION CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT OR PRODUCT LIABILITY), EVEN IF IT HAS BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES. Some jurisdictions do not permit the exclusion or limitation of liability for consequential, incidental or other damages, and, as such, some portion of the above limitation may not apply. In such jurisdictions, liability is limited to the greatest extent permitted by law.

5. Third Party Software: The software may be accompanied by or include software made available by one or more third parties ("Third Party Software"). Each portion of Third Party Software is subject to its own separate software license terms and conditions ("Third Party Licenses"). The Third Party Licenses for Third Party Software delivered with the software are set forth or identified (by url or otherwise) in (i) Appendix A to this license (if any), (ii) the applicable software header or footer text, (iii) a text file located in the directory of the applicable Third Party Software component and/or (iv) such other location customarily used for licensing terms. The use of each portion of Third Party Software is subject to the Third Party Licenses, and you agree that your use of any Third Party Software is bound by the applicable Third Party License. You agree to review and comply with all applicable Third Party Licenses prior to any use or distribution of any Third Party Software. Third Party Software is provided on an "as is" basis without any representation, warranty or liability of any kind. ADI (including its licensors) and contributors shall have no liability or responsibility for the operation or performance of the Third Party Software and shall not be liable for any damages, costs, or expenses, direct or indirect, arising out of the performance or failure to perform of the Third Party Software. ADI (including its licensors) and contributors shall be entitled to the benefit of any and all limitations of liability and disclaimers of warranties contained in the Third Party Licenses. For the avoidance of doubt, this license does not alter, limit or expand the terms and conditions of, or rights granted to you pursuant to, Third Party Licenses.

## TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

### 1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

### 2. Grant of Copyright License.

Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare

Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

### 3. Grant of Patent License.

Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

### 4. Redistribution.

You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

1. You must give any other recipients of the Work or Derivative Works a copy of this License; and
2. You must cause any modified files to carry prominent notices stating that You changed the files; and
3. You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
4. If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

### 5. Submission of Contributions.

Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

### 6. Trademarks.

This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

#### 7. Disclaimer of Warranty.

Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

#### 8. Limitation of Liability.

In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

#### 9. Accepting Warranty or Additional Liability.

While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.
